

Item No. TSREVO01
TSAIS Custom Dual Rear Exhaust Pipe for the Traxxas Revo

Thank you for purchasing the TSAIS Custom Dual Exhaust Pipe for the Traxxas Revo. This exhaust system has been tested and tuned by our engineers and drivers to meet our no-compromise quality control standards.

The system includes:

1. Tuned 3-chamber pipe with dual stingers
2. Manifold/Header
3. Silicone coupler
4. Mounting wire
5. Chromed tips

Installation:

1. Remove the stock pipe and mounting wire. (save the screws)
2. Connect the pipe and manifold with the coupler but don't zip tie at this time.
3. Install the included mounting wire in the wire mount in the pipe and secure it with the included M4 setscrew.
4. Install the mounting wire onto the body mount.
5. Slide the chrome tips over the stingers and secure them with the included M4 setscrews.

*Always use blue thread locking compound on the M4 setscrews when installing or reinstalling the tail tips onto the stingers

Warranty: TSAIS exhaust systems are covered against manufacturer's defects in materials, workmanship or assembly when are new (before been installed). All warranty claims are handled by TSAIS/RCHub in the US, or authorized importers/distributors in your country or region.

Notes:

1. This exhaust system is intended for model cars only. Do not attempt to use it for any other purpose.
2. Traxxas Revo is a trade mark of Traxxas.
